FIDIC Young Professionals Award 2018

Dear Directors and Secretaries,

We are pleased to announce the call for nominees for the 2018 FIDIC Young Professionals Award. This award is open to all Young Professionals (YPs) aged 40 years and under and working for a FIDIC member firm.

The purpose of the YP Award is to acknowledge the remarkable achievements of the Future Leaders in our profession and to encourage their ongoing contribution to FIDIC and its Member Associations.

The competition provides a real opportunity for you, the Member Associations, to reach the YP population in your membership and promote the added value of your national association and the FIDIC network to both YPs and their managers.

The winner will be provided a complementary conference registration and attendance to the FIDIC International Infrastructure Conference in 2019.

Kindly refer to the enclosed "Instructions to Applicants of YP Award" for further information.

Sincerely yours,

Alain Bentéjac
FIDIC President
